Saturday training

We have drinks, lollies, chocolate bars, icy poles, tea, coffee, hot pies and sausage rolls

**** IF POSSIBLE SMALL CHANGE & NOTES WOULD BE APPRECIATED ****

President's Report

Congratulations to everyone that received an award at the Presentation Night on the 26 February. These awards are the Clubs way of acknowledging the work and training that has gone into your dogs that has enabled you as a team to earn an Australian recognized title.

We are sorry to have postponed the Members Comp, but the feeling was that there hadn't been enough time for you to practice what you have learnt in class. Stay tuned for the new date.

After walking around classes and watching you use the Exercise yards, here are a few hints to hopefully help you.

Footwear – enclosed shoes are best, try not to wear thongs or similar as they offer no support or protection from anything left behind on the grounds.

When in the Exercise areas you need to keep watching your dog 100% of the time (even if it means turning your back to the person you are talking to) this way you can call your dog back to you if they look like they are going to be in a situation that is outside their comfort zone.

Remember that the weather and temperature is very changeable this time of year and it is better to be prepared then to be caught out. We have already needed gum-boots this year.

Stephen Pearson

HAVE YOU LOST SOMETHING?

Take a look in our lost property box in the clubrooms.

Berwick Obedience Dog Club

Autumn Members Competition

For Yellow, Pink, Green and Blue Class

**Plus Trialling Classes
(CCD, Novice and Open)**

Saturday 30th of April 2011

(NORMAL CLASSES FOR BEGINNERS AND RED CLASSES)

CCD, NOVICE AND OPEN CLASSES STARTING AT 1.00PM

YELLOW TO BLUE CLASSES STARTING AT 1.30

ENTRIES TAKEN ON THE DAY

NO ENTRIES WILL BE TAKEN AFTER 2.15PM

BBQ and Presentations at the end of the day

**FOR FURTHER INFORMATION PLEASE SEE YOUR INSTRUCTOR OR
ASK AT THE OFFICE**

OBEDIENCE TITLE NEWS

Southern Open Obedience trial 19/3/11

Sylvia Van Dooran with Oc Charli Girl

Scored an unbelievable 200 out of 200 for her first UDX trial!!!

To gain full marks in any class is spectacular but to be awarded full marks in UDX, the highest class in Obedience is just excellent, particularly the first time in that class!

BIG, BIG CONGRATULATIONS to Sylvie and Charli.

Lisa Sinclair with Midford Try Me Out (Toffee)

Gained her CCD title and was second in the ring on a count back.

Carol Quinn with Flynn gained her CCD title.

Are you interested in competing in trials with your dog?

If you would like to book in for a run through in one of our trial rings, here's how!

Come to club early and put your name and dogs name down on the sheet on the table outside the trial rings. Put down which trial class you are doing. The first trial class is called CCD. (The dog stays on lead except for the recall)
You must have your name down before 2pm.

Advanced / Instructors 1pm to 2.30 pm

Stays at 2.30 pm

Beginners i.e. CCD / Novice 2.45pm to 3.45 pm

Be ready to go in when it's your turn. If you are not there, the next dog will be called. Everything stops at 2:30 for the ring stays.

Ring training will only be held if sufficient instructors are available

Berwick Flyball Racing Teams

Berwick Highland Gathering

On Saturday the 12th February Berwick Flyball ran their annual competition at the Berwick Highland Gathering. It was decided that this years competition would be a fundraiser to help the two Queensland Flyball teams who had lost their equipment in the recent floods. The morning was held as a reduced competition and the afternoon was comprised of some different and fun games. There was pairs racing as well as a starting competition. Great fun was had by all with some amusing costumes worn! The competition was a great success raising \$2602.12. Thank you to the Judges, timekeepers and the AFA representative for donating their time and to the Australian Flyball Association for donating the use of the timing equipment. Also a big thank you to all the teams who entered and made this a great day for everybody!!

Upcoming Competitions

Pakenham Show—Saturday 19th March

Hastings—Saturday 2nd & Sunday 3rd April

Ringwood Highland Games—Sunday 10th April

2011 Australian Flyball National Championships held at the Royal Easter Show in Sydney—Friday 22nd and Saturday 23rd April

Bellarine—Saturday 14th May

South East Border Challenge—Sunday 12th June

Best Friends Yarram—Saturday 24th September

Pakenham Regional Tennis Centre

We would like to thank the Pakenham Regional Tennis Centre for their kind donation of tennis balls to the Berwick Flyball Team. Without balls, this would be a pretty boring sport!!!!

Berwick Flyball *Racing Teams*

What is Flyball?

Flyball is a relay race between two teams of four dogs. Racing side by side, one dog from each team must go over four hurdles, trigger a flyball box pedal, catch (retrieve) a ball and then return over all four hurdles to the start / finish line where the next dog eagerly awaits.

Flyball is open to all breeds and it does not matter if your dog is fast or not so fast. Teams are made up of dogs with similar capabilities and when competing, teams are broken up into divisions that allow all teams to be competitive, no matter what their speed.

Dogs LOVE Flyball and if you are interested in having a go, please come and see one of the instructors at club.

Training Times:

Team Training

11.30am – 12.30pm

Intermediate

12.30pm – 1.00pm

Beginners

1.00-1.30

Flyball competitions generally fall on a Saturday, so there may be times when instructors are not available as they are racing their own dogs.

We will try to attend as many training sessions as possible.

Mark Bailey from Eclipse Media made the video for The National Championships that Berwick held at Dandenong in November 2010.

Eclipse Media specialize in Education Tutorials, Video Editing And I.C.T. Applications. Email: mark@showmehow.com.au

FOR SALE:

The kit is an Innotek "Ultra Smart Contain and Train" system purchased in May 2006 for \$874. It has the collar, manual charger, home boundary unit and approx. 50 metres of wire. It is missing only the white flags to provide the "visual" location of the boundary for training the dog (any flags you could push in the ground would do). It has hardly been used. Price - \$450

Wanted Used Tractor (or Similar)

The Club is currently looking for a replacement vehicle for our ageing tractor.

Our main requirements are able to tow a heavy 6x4 trailer and carry the obedience ring equipment and all the class markers/flags.

If you require any more information please see Ted or Barry.

EASTER EGGS, CHOCOLATE, AND SIGN OF ILLNESS

Hi there fellow dog owners and lovers, Easter is almost upon us, and with a bit of luck the Easter Bunny will bring us plenty of Chocolate Easter Eggs, so just a reminder about keeping our Easter Eggs away from our dogs. As most people are aware chocolate is highly toxic to dogs, and depending on the dog, the amount of chocolate ingested and the type of chocolate, it can make our four legged friend anything from mildly ill, to very ill, or even cause death. Please remember to store chocolate away from pets, and if having an Easter Egg hunt, keep Fido in another area, and as painstaking as it can be, count the amount of eggs hidden, and make sure there are no surprises left in the garden by doing another count after the game ends. Also ask the kids to keep the silver foil if they eat them in the middle of the hunt!! Asking the kids about putting the chocolates up higher after the Easter Bunny has been is also a good idea.

On the next page is a list that identifies some other foods to look out for that dogs may be quite innocently deliberately fed, or accidentally ingest after scrounging around in rubbish that may cause potential illness.

KS

Signs of potential ill-health are given below:

- | Increased appetite or water consumption
- | Loss of appetite or weight loss
- | Unusually dull or lethargic
- | Vomiting or diarrhoea
- | Straining to urinate or have a bowel motion
- | Runny or weepy nose or eyes
- | Lameness or difficulty standing or walking
- | Bleeding that has not stopped in a few minutes
- | Swelling of any body part
- | Apparent pain or discomfort
- | Restlessness or not sleeping
- | Sneezing or coughing repeatedly
- | Difficulty breathing/panting excessively
- | Patchy or excessive hair loss
- | Scratching at or shaking the head repeatedly
- | Wounds or inflamed areas
- | Loss of balance
- | Fits or seizures
- | Any other physical or behavioral abnormality

Signs of good health are given below:

- | Bright, alert and responsive
- | Clean, shiny coat free of bare patches
- | Free of wounds, swelling or lumps
- | Free of fleas and intestinal worms
- | Healthy appetite and normal weight
- | Keen to exercise
- | Moves freely and easily when walking or running
- | Have a bowel motion at least once a day but not have diarrhoea
- | Urinates at regular intervals through the day
- | Free of abnormal discharges from eyes, nose, mouth or ears
- | Not coughing or sneezing excessively
- | Free from abnormal odours

EASTER EGGS, CHOCOLATE, AND SIGN OF ILLNESS

Chocolate toxicity

Chocolate contains theobromine, a compound that is a cardiac stimulant and a diuretic.

When affected by an overdose of chocolate, a dog can become excited and hyperactive. Due to the diuretic effect, it may pass large volumes of urine and it will be unusually thirsty. Vomiting and diarrhoea are also common. The effect of theobromine on the heart is the most dangerous effect. Theobromine will either increase the dog's heart rate or may cause the heart to beat irregularly. Death is quite possible, especially with exercise.

After their pet has eaten a large quantity of chocolate, many pet owners assume their pet is unaffected. However, the signs of sickness may not be seen for several hours, with death following within twenty-four hours.

Cocoa powder and cooking chocolate are the most toxic forms. A 10-kilogram dog can be seriously affected if it eats a quarter of a 250gm packet of cocoa powder or half of a 250gm block of cooking chocolate. These forms of chocolate contain ten times more theobromine than milk chocolate. Thus, a chocolate mud cake could be a real health risk for a small dog. Even licking a substantial part of the chocolate icing from a cake can make a dog unwell.

Semi-sweet chocolate and dark chocolate are the next most dangerous forms, with milk chocolate being the least dangerous. A dog needs to eat more than a 250gm block of milk chocolate to be affected. Obviously, the smaller the dog, the less it needs to eat.

Dr Cam Day BVSc BSc MACVSc is a veterinary surgeon, an animal behaviour consultant and media presenter. He works full time in animal behaviour management in Queensland.

SOME OTHER POTENTIALLY TOXIC FOODS

Some foods which are edible for humans and even other species of animals can pose hazards for dogs because of their different metabolism. Some may cause only mild digestive upsets, whereas others can cause severe illness and on occasion even death. Listed are some of the more commonly known food items that should not be fed (intentionally or unintentionally) to dogs.

Introduction

The first documented agility "demonstration" was held at Crufts in the late '70s. The demonstration's creator borrowed from police and defence force dogs' training, and from horse showjumping. By 1980 it was recognised officially as a "dog sport" in the UK, and expanded rapidly to the US, Canada, Europe and Australia. The object is for the dog to negotiate a "course" of obstacles without fault, with the placings decided on the fastest times for a clear run.

What are the obstacles?

Jumps : Tyres, bar jumps. spreads & broad jumps

Tunnels: eg flexi

Contacts:

- A-frame (steep ascent/descent)
- Dog walk (shallower ascent, long straight plank, shallower descent)
- See-saw (up, tip, down)

Table: (on, pause, off)

Weave poles:

Set of poles, usually 12, set at an even distance. The dog has to weave through each gap to negotiate the next pole on the other side.

When can I start my dog?

It is generally accepted that a dog shouldn't start over obstacles until they are at least 12 months old, and not do excessive "work" until they are 18 months to 2 years. However teaching the dog to negotiate obstacles (with the exception of the weavers and sometimes the contacts) is usually the easy part – directing the dog around the course is the difficult bit. The "foundation" training which will lead to both handler and dog learning the directional cues can begin at any age.

I'd like to do agility, but I don't think I would ever compete?

Many of our class participants at Berwick do it for their own and their dog's enjoyment, while others do participate in trials. Even if you are doing it "just for fun" your dog will enjoy it a lot more if you can be clear and consistent with your "cues" so classes are structured to give you those skills whether you wish to trial or not.

Frequently Asked Questions continued.

How high will my dog have to jump?

Each course in a trial is run at 5 different heights, the height at which a dog runs depends on their height at the shoulder. To trial you have to have an "official" measurement, but for club purposes we will do an informal measurement and your dog won't be expected to jump beyond their "official" height. However when you start jumps are very low to encourage confidence in the dog.

Can any type/size of dog come to class?

Yes. More important is that the dog is physically sound, healthy and not overweight.

How often would I have to train my dog?

Like any training with your dog little and often is the best formula. If you can spend 10-15 minutes 4 to 5 times a week it will be enough to progress.

Will I need my own equipment?

Everyone starts with no equipment. If you enjoy the training you will probably want to construct some basic equipment – jumps and weave poles can be fairly easily "created". If you become more serious you may wish to purchase some equipment, or if you have the resources, to make it. For most people regular training at club combined with some "home built" equipment is enough to reach reasonable skill levels – many of the skills are developing handling skills which can be done without sophisticated obstacles.

**Agility is fun
for both
members of
the team**

What are the requirements to join the class?

To start participating in the Pre agility class your dog must be in at least "Yellow" class and be able to work with a "loose lead". You must start you start with a "Preparations skills – pre-agility" class which will give you exercises to practice with your dog to prepare it for agility, you are welcome to bring any dog over 6 months to a foundation class. (This requirement may be waived if you have completed a similar

YELLOW BANDANAS

The Berwick Obedience Dog Club has available **Yellow Bandanas** to identify dogs that may need a bit of space around them.

The reason for needing one could be:

- Nervousness
- Recovery from an operation (i.e.: convalescing)
- Unsociable to people or other dogs

When approaching a handler and dog with a yellow bandana, we should:

- ♦ Be respectful of their space
- ♦ Ask the handler if they are happy to socialize with your dog

When approaching a yellow bandana dog please make sure your dog doesn't go running up to it freely, just as the handler of the yellow bandana dog should be mindful of the space around their dog at all times.

Quite often handlers of yellow bandana dogs have put a lot of work into dealing with specific problems with them, so it would be disappointing if all their hard work was lost.

So if you feel your puppy needs to be given their own space, then go to the office and obtain a bandana for the day. Please return them when you have finished, so that other puppies can have their turn. This is not something the BODC is forcing on handlers as it is your choice and for the wellbeing of your dog/puppy.

"OKAY, ARE YOU READY FOR YOUR FINAL EXAM?"

"I THINK YOU STARTED OFF SENDING HIM THE WRONG MESSAGE WHEN YOU NAMED HIM 'ALPHA'."

REMEMBER TO CALL YOUR DOG
EVERY 90 SECONDS

Off - Leash Area Rules

- * Do not enter when the flag is displayed - Obedience, Agility or Fly ball class is in progress.
- * Dog owners using this area are responsible for their dogs and injuries or damage caused by them.
- * Always consult those already using the area before entering.
- * Only stay 5 minutes if others are waiting.
- * Clean up after your dog.
- * Dogs showing signs of aggressive behavior towards people or other dogs must be removed from the area immediately.
- * Maximum of 8 dogs at a time.
- * All dogs must wear a collar and owners must carry a leash at all times while in the area.
- * Owners must not leave their dogs unattended while in the area.
- * No toys are to be used in the off leash area on club days
- * No young children permitted in the area.
